

SAGAR JAYSWAL

AUTOMATION & CONTROLS TECHNICIAN

Scarborough, Ontario • sagarjayswal63@gmail.com • linkedin.com/in/sagar-jayswal

PROFILE

Automation technician with hands-on experience programming, commissioning and troubleshooting PLC-controlled equipment. Works across control panels, PLC/HMI logic, machine vision, robotics, pneumatics, industrial communication and production support, with a methodical focus on safe and maintainable solutions.

TECHNICAL SKILLS

PLC & HMI: Omron Sysmac Studio, CX-Programmer, Siemens TIA Portal, Allen-Bradley Studio 5000 • Vision & Robotics: Keyence IV2/IV3, PLC interfacing, Wittmann robot teaching, EOAT

Field Systems: I/O verification, sensors, VFDs, servo drives, pneumatics, EtherNet/IP • Delivery: troubleshooting, commissioning, functional testing, production trials, customer acceptance and documentation

EXPERIENCE

Automation Technician | Axiom Group Inc. • Aurora, ON | Sep 2025 — Present

Troubleshoot injection-molding cells; modify Omron PLC logic, HMI parameters and sequences; work with Keyence vision, Wittmann robots and EOAT; support commissioning, I/O verification and production trials.

Application Engineer | Viraj Electromech • India | Sep 2022 — Aug 2023

Developed PLC programs and HMI screens; integrated PLCs, robots, vision, servo drives, VFDs and networks; supported startup, testing and customer acceptance.

Service Engineer | Viraj Electromech • India | Aug 2021 — Aug 2022

Diagnosed PLC machinery using software, schematics, multimeters and oscilloscopes; supported breakdowns, maintenance, commissioning and I/O checks.

Panel Assembler | Viraj Electromech • India | Nov 2020 — Aug 2021

Built and wired industrial control panels and completed wiring verification, electrical checks and functional testing.

SELECTED WORK

Multi-Camera Vision Inspection Upgrade

Reviewed PLC logic, created vision programs, updated inspection-result mapping and validated the end-to-end inspection workflow.

Automation Backup Manager

Built a traceable workflow for PLC, HMI, robot and vision backups with standardized naming, history, monthly coverage and SHA-256 verification.

EDUCATION

Advanced Diploma, Electro-Mechanical Engineering Technology: Automation and Robotics | Centennial College, Toronto | 2024 — 2025

Bachelor of Electrical Engineering | Gujarat Technological University, India | 2017 — 2020

Diploma in Electrical Engineering | Gujarat Technological University, India | 2014 — 2017
